Jamia Millia Islamia to organize Start-up Founders & Investors meet

Entrepreneurship Cell Jamia Millia Islamia (E-cell JMI) a student body under the Centre for Innovation & Entrepreneurship Jamia Millia Islamia is organizing a start-up founders and investors meet on 29th October on the occasion of Jamia Foundation Day.

The founder's meet-up is being organized to promote the startup and innovation culture in & around the university.

Three successful company founders will visit the campus as chief guest for the Founders Meet, providing a venue for the campus's other investors, founders, and grassroots businesspeople to learn, thrive, develop, and explore all the problems and solutions occupying their minds

Along with Founders Talks, the event will also feature Pod Discussions, High Networking Opportunities, and Question & Answer Series. The registration form for this Founders Meet is available on E-CELL JMI's Official social media handles.

This will commence at the **CIE Co-Working space on October 29, 2022 at 2 pm**. As a student-run organization, this will be an initiative for the students. There are numerous college-level startups, ideas and founders who desire the essential corporate exposure as well as proper mentoring.

E-Cell JMI seeks to give students the chance to work on their business ideas and hone their entrepreneurial skills while creating a startup ecosystem on campus to foster innovation and give students the crucial corporate exposure.

All updates regarding the founders meet is available on our Official handles:
