**Guest Speaker
Prof Sonal Saxena**

Prof Sonal briefed the august audience on the various types of Covid - 19 vaccines under research across the globe, their timeline and features. Informing about the vaccines available in India she explained in a very simple way , various stages of vaccine development , advantages and disadvantages , expected adverse effects , high risk groups and contraindications .

Emphasising on the need of taking both the doses and adhering to social vaccines like wearing mask , maintaining physical distancing and hand hygiene it was made clear that it would take time for the vaccines to be effective once the two doses are taken . These will also continue to be the backbone of fighting the pandemic , post – vaccination .

The talk was followed by a very interesting and informative question - answer session. Queries were posed by The Honorable Vice Chancellor and Faculty delegates and were addressed satisfactorily by Prof Sonal Saxena.

The session concluded with the proposal of Vote of Thanks by the Organising Secretary, Prof Anupriya Wadhwa.
