

The Department of Physics,
Jamia Millia Islamia,
cordially invites you to the

XI Abdus Salam Memorial Lecture 2013-14

by

Prof. Subodh R. Shenoy

Tata Institute of Fundamental Research, Hyderabad

on

How Does a System Re-equilibrate After Sudden Cooling

Monday, 17th February 2014, Time 3:30 P.M.

Venue : Seminar Hall, Faculty of Engineering & Technology, JMI

The Abdus Salam Memorial Lecture, started by the Department of Physics, Jamia Millia Islamia, New Delhi, tries to perpetuate the ideas that Salam believed in; namely the need for developing countries to encourage education and research in the fundamental sciences. An eminent person of science is invited each year to deliver this lecture. The style and content of the lectures is such as to inspire and convey the excitement of new discoveries, ideas and challenges.

Prof. Shenoy has a B.Sc. degree from the University of London, and M. Phil. and Ph.D. degrees from Yale University. He has worked at TIFR Bombay (1974-75); the Institute of Physics, Bhubaneswar (1975-77); the University of Hyderabad (1977-1996); and the International Centre for Theoretical Physics (1994-2005), where he was Coordinator of the ICTP Diploma Course in Condensed Matter Physics.

He is an elected Fellow of the Indian Academy of Sciences; an Alexander von Humboldt Fellow, an Invited Lecturer at Troiseme Cycle de la Physique of the Swiss Universities Consortium; and a Consultant at Los Alamos National Lab. He was awarded the prestigious Shanti Swarup Bhatnagar Prize in Physical Sciences in 1992. He has been a Visiting Professor at the University of Hyderabad (2006-2010); the Indian Institute of Science Education and Research, Trivandrum (2010-2013); and presently is a Visiting Professor at TIFR- Hyderabad.
