

One Week Workshop
on
“Environment-Economy Linkages: Contemporary Issues and Challenges”
Organized
by
Department of Economics, Jamia Millia Islamia, New Delhi
As a part of UGC DRS-II under UGC Special Assistance Programme
(20th March – 25th March, 2017)

About The Workshop

The clean environment is the necessity for the survival of human beings. Environment’s first role is as a supplier of resources. Secondly it acts as a sink or a receptor for waste products. These wastes may result directly from production, or from consumption. Environment and sustainable development are the two sides of long run growth and human progress. In this context Department of Economics, Jamia Millia Islamia proposes to organize one week National Workshop on " **Environment-Economy Linkages: Contemporary Issues and Challenges**" from 20 March to 25th March, 2017. The purpose of the workshop is to aware the participants about the Economy- Environment Linkages. The workshop is open to all Scholars/ PG students of Social Science from India. The registered participant will be automatically registered for the National Seminar to be organised by the Department during 24th and 25th March, 2017.
