Founder Faculty member of the Department of Architecture, Jamia Millia Islamia, New Delhi. The Bachelor of Architecture course was started in Jamia Millia Islamia in the year 2001. I was the first faculty appointed in the department of Architecture, Jamia Millia Islamia, New Delhi. I worked extremely hard in establishing the Bachelor of Architecture course of the Department of Architecture, Jamia Millia Islamia, New Delhi as one of the best in India. I contributed significantly in preparing the Bachelor of Architecture course curriculum, its syllabus of all five years, establishing the library, the Computer Lab, the Photography lab and the model workshop. It's a matter of happiness and great satisfaction that the Bachelor of Architecture program offered by Jamia Millia Islamia has continuously achieving high ranking at national level for past many years.

I am also the **Founder Coordinator of Master of Architecture (Building Services).** The Master of Architecture (Building Services) program was started in Jamia Millia Islamia, New Delhi in the year 2008. I was the founder coordinator of this program. Being the founder coordinator, I prepared the course curriculum, its syllabus of all four semesters. I was also given the responsibility of procuring the books and journals for this program. I also developed the Solar lab. In India, The Master of Architecture in Building Services is offered in Jamia Millia Islamia only. It was a very big challenge not only to prepare its course curriculum but also to make it job oriented. I am very pleased that this program has made an impact not only at the national level but also at the international level. It is one of the most sought-after Master of Architecture program and students from all parts of India and various other countries have been coming to take admission.

International Winter School Completed International Winter School & Faculty Development Programme on Evidence Synthesis of Qualitative and Mixed Method Research under the **Indo-US 21st Century Knowledge Initiatives project**, Held at the Jamia Millia Islamia, New Delhi, India from **19th-25th February 2018** by the Department of Social Work, Jamia Millia Islamia in collaboration with Campbell Collaboration and Prayas Health, Pune

Tour Responsibilities

The educational tours form integrated part of the architecture education. The Department of Architecture, Jamia Millia Islamia, New Delhi has devised the Bachelor of Architecture course with educational tours. The students pursuing Bachelor of Architecture course visit various parts of the in educational tours. In these tours they study most of the climatic zones of India. They also study the impact of local building material in the development of vernacular architecture. Moreover during the educational tour the students are also exposed to various other local factors which have influenced the architecture. During the tour, the students also do various exercises related to architecture design and other subjects. This exposure during tours helps the students to understand the architecture holistically. As a tour In charge I have helped the students to understand the various architectural features and characteristics mentioned above.
