VISION AND MISSION OF THE DEPARTMENT

To create a brilliant future for the university in which the students and the faculty of the Department of Psychology contribute to the implementation of best teaching practices and research standards. To meet this end, the following would be the focus:

1. To embrace participatory, experiential, discursive and student-centric practices.
2. To bridge the gap between theoretical knowledge and practical application of the discipline in emerging thrust areas of psychology.
3. To establish state of the art laboratories and other facilities in the thrust areas of health and well- being at par with other scientific institutions.
4. To focus on inter-disciplinary/multi disciplinary research in applied areas of social, clinical and health.
5. To design and develop short-term skill-based innovative programs/modules for psycho-social empowerment of the weaker and minority sections of the society, especially women and children.

MESSAGE FROM THE VICE CHANCELLOR

I am pleased to introduce you to the outgoing batch of students of M.A. Applied Psychology and B.A. (hons) Psychology. Jamia Millia Islamia, is a Central University with NAAC accreditation of A++ grading as well as the holder of third position in the NIRF rankings under University category. Jamia Millia Islamia has become an ensemble of a multilayered educational system which covers all aspects of schooling, undergraduate, post graduate, MPhil/PhD and post-doctoral education. With 11 faculties of learning, 48 teaching and research departments and over 29 centres of learning and research, we attract brightest young minds from all over the country.

The Department of Psychology since its inception in 1986 has made rights in inculcating immense passion among students for the discipline. It is translating their theoretical knowledge into practical usage and diverse areas, such as clinical, social, organisation and health amongst others. Various courses offered by the Department such as B.A.Honours, B.A. programme, M.A. Applied Psychology, Advanced Diploma in Counselling Psychology and Ph.D emphasize the importance and relevance of mental health and psychological well-being of people. The focus on practicum and field training in all courses enable students to apply their theoretical learning and also gain experience from real life settings. Research is an important part of the syllabi wherein students undertake dissertations and projects to hone their research skills.

Our students are ready to enter the job arena, armed with both the knowledge and the skills required in the field of applied psychology. I invite you to please come over to the university and the department to screen and recruit potential students from the Department of Psychology. I am confident that these students would prove to be an invaluable asset to your organisation.

I look forward to a favourable response from your side.

(Prof. Eqbal Hussain)
Offg. Vice-Chancellor

MESSAGE FROM THE DEAN, FACULTY OF SOCIAL SCIENCES

The Department of Psychology, Jamia Millia Islamia, New Delhi offers varied courses that are much sought after by the students. The M.A. Applied Psychology and B.A. Psychology (Hons) are rigorous and comprehensive courses aimed at developing socially aware, competent, and skilled individuals. With a competent faculty, students are ensured that they are equipped with the knowledge and skills required for them to enter different professions.

The application of theoretical knowledge and acquisition of experiential learning are made possible by the focus on practicum and field training at both the postgraduate and undergraduate courses. Research skills are honed through mandated dissertation that enable students at the M.A. and B.A. (Hons) programs to explore, explain and describe issues and areas of interests within the discipline that have real life implications. The increasing demand for mental health professionals and counselors in diverse areas of life including the world of work attest to the relevance of the courses offered by the department.

At the faculty level, I welcome recruiters and am sure that the students of the department of psychology would render themselves invaluable in their service to any organization or institution they are placed in. My best wishes to students of the department of psychology as they tread new paths that pave their way to them becoming professionals.

Prof. Mohd. Muslim Khan
Dean
Faculty of Social Sciences
Jamia Millia Islamia
New Delhi

MESSAGE FROM THE HEAD OF THE DEPARTMENT

I am extremely delighted and proud to present before you the outgoing batch of the students of M.A in Applied Psychology as well as those of B.A (Hons) Psychology. These students would be completing their degree in the coming few months and are now looking for exciting and challenging job avenues and options. Our highly qualified and committed faculty have put in immense efforts to provide the students with the latest in academic knowledge and practice wisdom.

Students of M.A. Applied Psychology undergo an intensive course spread over two years and four semesters. The course structure is provided later in the brochure. One of the key features of the MA course are the two specialisations, that we offer, in clinical psychology as well as in organizational behaviour. These students also undergo an intensive field experience to expose them to the latest developments in the field. Additionally, all students are expected to write a dissertation as part of the course.

Students of B A (Hons) also undergo a rigorous and exhaustive course spread over three years, six semesters. The key feature of the B A (Hons) course is that the students also undergo a minor concentration in the form of additional social science disciplines like sociology or political science etc. These students also undertake internships in reputed organisations to learn practical skills. Students of B A also complete an academic project as part of their course.

As you can see, our students are very well prepared with the latest in academic developments alongwith an intensive exposure to the field through placements. We have tried hard to make them job ready and are confident that they are willing and quick learners who can adjust to all kinds of environments.

I invite your organization to kindly come over to interact with our students and recruit them for potential positions in your esteemed organization. I request you to kindly go through the attached brochure to have a better idea of the course and the profile of the students. Dr Korsi D. Kharshiing, Associate Professor and Placement Coordinator shall be in touch with you to work out the details, etc. I look forward to a positive response from your side.

Sincerely,

Prof. Sheema Aleem
Head

MESSAGE FROM THE PLACEMENT COORDINATOR

A warm greeting to you from the Placement Cell of the Department of Psychology, Jamia Millia Islamia, New Delhi. I consider it an honor to convey that our students from B.A. Honors in Psychology and M.A. Applied Psychology are equipped to enter the world of work. The rigorous coursework in varied areas of clinical psychology, counselling psychology, organizational behavior and health psychology among others have enabled our students to understand human behavior in diverse aspects of life. The mandatory dissertations and projects encourage students to utilize their research skills and engage in critical thinking to understand practical problems in day-to-day life. Emphasis on internships enable students to translate theoretical knowledge to real life settings in the field. Practicum courses aid students in understanding phenomena through experiments and the range of human behavior through psychological assessment.

Regular student-centric activities that encompass extension lectures/ talks, seminars, psychology events such as the students' festival, sports day, observation of World Mental Health Day, industry-academia interface, among others encourage students to participate, update, discuss, and engage in discourse in the discipline. Armed with this enriched course curriculum, our students are ready to enter the workforce and be responsible employees and citizens. I believe that our students are skilled and have immense potential to contribute to organizations and institutions.

We welcome organizations, institutes, and other agencies to peruse the brochure. We look forward to a partnership of your organization or institution with students from our department.

ABOUT JAMIA MILLIA ISLAMIA

Jamia Millia Islamia was originally established at Aligarh in United Provinces, India in 1920 and became a Central University by an Act of the Indian Parliament in 1988. In Urdu language, Jamia means ‘University’, and Millia means ‘National. The university came into existence through the tireless efforts of its founders, such as Shaikhul Hind Maulana Mahmud Hasan, Maulana Muhammad Ali Jauhar, Hakim Ajmal Khan, Dr. Mukhtar Ahmad Ansari, Jenab Abdul Majeed Khwaja and Dr. Zakir Husain. The story of its growth from a small institution in pre-independence India to a Central University located in New Delhi offering integrated education from nursery to research in specialised areas is a saga of dedication, conviction and vision of people who worked against all odds and saw it growing step by step. They “built up the Jamia Millia stone by stone and sacrifice by sacrifice,” said Sarojini Naidu, the Nightingale of India.

In 2015, NAAC accredited the University with an 'A' grade, etching its names among the esteemed Universities of the country. At present, Jamia Millia Islamia is an ensemble of a multi layered education system nurturing over 18000+ students, more than 800 full time faculty teachers, 9 faculties and 38 departments offering more than 200 courses. Jamia Millia Islamia has also been ranked top 3rd central university in the country by Outlook ICARE Indian University Rankings 2019.

Jamia Milia Islamia is celebrating its Centenary Celebration in 2020, the 100th Year of the foundation of the university.

ABOUT THE DEPARTMENT OF PSYCHOLOGY

The Department of Psychology was established as an independent department in 1986. The introduction of various teaching programmes in psychology started in phases with B.A. in 1981, Ph.D. in 1984, B.A. Honors in 1985, M.A. Applied Psychology in 1989, and Advanced Diploma in Counseling Psychology that was initiated in 2001.

Faculty members in the department teach and research in specialization areas of organizational, social, clinical, and counseling in psychology. Activities of the department have been recognized at both national and international levels. M.A. in Applied Psychology is one of the sought after courses at Jamia Millia Islamia and it attracts students from all over the country and abroad.

Focus on internship of students is central to the curriculum and this bridges the gap between theoretical and practical knowledge. Exposure to research activities and report writing by students is given due emphasis as part of their dissertation. This research activity propel students to engage and undertake psychological research.

The Department emphasises on co-curricular activities of students that moulds their overall development as young individuals in society.

PEDAGOGY AND COURSE STRUCTURE

Pedagogy

- Fieldwork experience
- Diverse approach to the subject matter
- Expertise in psychological assessment and statistical analysis
- Dissertation

Course Structure

The M.A. in Applied Psychology program spans four semesters over two years, integrating advanced psychological theory, research methodology, and specialization in Clinical Psychology, Health Psychology, or Organizational Behavior. The first year establishes a foundational understanding with core subjects like social psychology, cognitive psychology, statistics, peace psychology and psychometrics. Towards the end of the first year, students select their specialization and undergo 60 days of specialized field training. In the second year, students delve deeper into their chosen specialization while also studying core subjects such as personality psychology, counseling psychology and forensic psychology. Practical classes include administering tests like the WAPIS and TAT, as well as learning statistical analysis using SPSS. Internships in relevant organizations and NGOs further bridge theoretical knowledge with practical experience. The program culminates in a dissertation where students carry out research in their specialized area, under the guidance of faculty supervisors. Students are encouraged to publish their findings in peer-reviewed journals.

COURSE COMPONENTS

Semester I

Cognitive psychology
Social psychology
Psychometrics
Peace psychology
Psychological experiments

Psychopathology
Statistics
Positive psychology
Research methods
Psychological testing

Semester II

Semester III

Psychology of personality
Counseling psychology
Psychology at work
Forensic and criminal psychology
Field training/Internship

Semester IV

Special paper 1 (health/OB/ clinical)
Special paper 2 (health/OB/ clinical)
Practical from special paper
Dissertation
Rehabilitation Psychology

DISSERTATION

The M.A. Applied Psychology course offered at Jamia Millia Islamia incorporates the completion of a dissertation, which holds significant importance. This requirement is mandated for the final year Masters students in order to facilitate the assimilation of their theoretical knowledge, research skills, and subject-specific expertise. Students select a topic from a diverse range of issues or themes that are directly linked to their area of specialization. Throughout the process of writing the dissertation, the students are assigned a faculty member who serves as a facilitator, providing guidance and direction on how to effectively prepare, produce, and write the dissertation. The students adhere to the ethical and professional standards set forth by the American Psychological Association (APA). Engaging in the completion of a dissertation offers students the opportunity to enhance their subject knowledge, as well as improve their analytical and cognitive abilities, ultimately allowing them to present their research to a wider audience.

COURSE TRANSACTIONS
