Press Release

JMI's Mushir Fatma Nursery School Conducts Lucky Draw for Nursery Admissions for Academic Year 2025-26

Mushir Fatma Nursery School of Jamia Millia Islamia (JMI) announced the successful completion of the lucky draw for admissions to its Nursery class for the academic year 2025-26. The much-awaited draw of lots took place on March 09, 2025 under the esteemed chairmanship of the Registrar JMI, Prof. Md. Mahtab Alam Rizvi along with the Deputy Controller of Examinations, Prof. Ahteshamul Haque.

The draw took place in the presence of the Heads of various Jamia schools, Chief Proctor of the University, Prof. Naved Jamal and VC nominee, Prof. Sarika Sharma. Approximately 100 parents congregated to witness the draw, testifying to the enthusiasm surrounding the admission process of the much-sought after school.

In keeping with its commitment to ensuring fairness, transparency of procedure and equal opportunity to all aspirants in JMI admissions, the University facilitated the live streaming of the draw. Besides ensuring transparency, live streaming also increased accessibility, allowing parents to watch the entire process from the comfort of their homes. This innovative approach to the draw of lots in the admission process also ensured participation of all, including those parents who could not attend the event in-person.

This academic year, the lucky draw was held for a total intake of 140 children out of 2,700 applicants from across various categories. The high volume of applications received underscores the trust and reputation that Mushir Fatma Nursery School has earned over the years.

Calling it a first step in the educational journey for both parents and children, the Headmistress, Mrs. Rukhsana Parveen, in her address said that the school was dedicated to maintaining a fair and transparent admission process that reflects the institution's commitment to inclusivity and excellence in early childhood education.

Mushir Fatma Nursery School has built a name for itself for providing high-quality early childhood education, fostering a love for learning in children, and preparing them for their future academic journey. The school promotes a holistic curriculum that nurtures creativity, critical thinking, and emotional development in a safe and welcoming environment.
